DR RUBIN'S MINI MEDICAL SCHOOL SUMMER PROGRAMS

Dr Rubin is proud to announce that we are now accepting students for our summer programs:

Mini Medical School Experience Program for High School and College Students is being offered on June 25, 2022 and again on June 26, 2022.

Mini Medical School Experience Program for Middle School Students is being offered on July 10th.

We are happy to announce that both programs will be held at the Edward Plainfield Campus Conference rooms located at 24600 W. 127th Street, Plainfield, IL 60585

We feel your health comes first and we cannot accurately predict the COVID infection rates for this coming summer. Thus we plan on continuing the use of a hybrid format this summer, but our in person experiences will be returning their original format.

Each student will view a series of lectures online at home the week prior to the program. Then they will attend our in person hands on experiences. In the hospital all students are required to be masked and fully vaccinated. Students who are unable to comply have the option to attend the program through a virtual mode.

The Mini Medical School Experience program is appropriate for any student who completed 8th grade through college freshman who are interested in considering a career in healthcare. The Mini Medical School for Middle School Students is appropriate for any student who is in 5th through 8th grade this spring.

More information is posted online at:www.minimedicalschool.com

Direct links to each application are:
June: Mini Medical School Summer Experience (9th grade and above)
https://forms.gle/Ge4fAh6xgQo6YmD46

July: Summer Mini Med Experience for Middle School Students (5,6,7 and 8th grades)
https://forms.gle/yQxLPT54wdvqy4ZY7

Please forward this announcement to any family or friend who you think might be interested in considering a career in healthcare.

We hope to see you this summer.

Dr Ira Rubin, M.D., Ph.D.
Attending Pediatrician
Naperville Pediatrics
Founder of Dr Rubin's Mini Medical School, NFP.
