

Dear Parents and Guardians,

Welcome to the 2016-2017 school year! Please follow the instructions carefully and complete the verification process as soon as possible. It is important that you review *all* information before submission. Thank you!

Step 1: IPSD 204 and Technology

Technology resources are a valuable part of the education process at IPSD. The use of electronic networks is available to district students. The uses of technology resources are outlined in the Board of Education Policies (6:235 Access to Electronic Networks & 6:220 Bring Your Own Technology), the Authorization for Electronic Network Access / Acceptable Use Guidelines - Electronic Networks, and Acceptable Use Guidelines - BYOT. These policies and guidelines can be viewed on the district website under Tech Services->Policies and Guidelines (<http://tech.ipsd.org>). As part of Google Apps for Education, all secondary students are issued a district-assigned email account. Middle school Google accounts have limited access to the outside world while high school accounts have full access. Elementary students may be assigned an email account with limited access to the outside world at teacher discretion with affirmative permission from you. For more information please visit <http://goo.gl/qh8uuJ>. Students will be able to access internet resources and use personal technologies unless a parent/guardian chooses to opt-out by contacting the main office at the child's school. An opt-out policy is also used for other permissions related to technology including the use of student photos and information in publications. Please verify these permissions during online verification.

- Fee Statement Form – Include check payable to **SCHOOL DISTRICT #204**. One check for all students attending one school may be written, however, please *fill out a separate fee statement for each student*. Do NOT staple checks to the form. (Note – parents can use MyPaymentsPlus, <https://www.mypaymentsplus.com>, for school fees. A 4.75% service charge will apply.)
- Dental - All students entering second (2) and sixth (6) grades are required to present proof of an oral health examination completed by a licensed dentist.
