

SAVE THE DATE! GREEN & GOLD SILENT AUCTION!

Friday, March 15th is the annual PTA SILENT AUCTION at White Eagle Country Club! Enjoy a night with your WVHS friends while bidding on wonderful baskets, indulging in appetizers and desserts, dancing to the DJ's tunes, and possibly winning raffle prizes! All this fun, and all in support of WVHS and PTA—specifically, programs such as senior scholarships, new classroom technology, staff grants, building improvements, the staff retirement lunch, the Principal's scholarship award, and much more.

Tickets and registration are available online at warriors.givesmart.com. Can't make the date? Register and easily bid on your phone or computer from wherever you are!

This night is critical in supporting PTA's budget and allowing the continued support of all these programs. Gather your friends and join us—all the community is welcome! It's a really fun night!

It's not too late to support WV and join PTA! Membership is always open and dues directly support all WV students and staff. We're not shy—we need your money! Register at: waubonsiepta.membershiptoolkit.com

PTA SCHOLARSHIP APPLICATIONS DUE 3/7!

This year PTA will be awarding 5 scholarships of \$1,000 each. The application can be found on Naviance at student.naviance.com/colleges/scholarships. Remember that a parent must be a PTA member in order to qualify for a scholarship. That's only a \$20 investment that might get you \$1,000! PTA membership can be done online at:

waubonsiepta.membershiptoolkit.com

We are happy to announce this year's STAFF GRANT RECIPIENTS!

We had submissions of over \$12,000 this year, and of those were able to fund \$4,600. With increased membership next year, we would be able to fund even more! Obviously, WV staff has needs that the current school budget just doesn't cover. We were glad to be able to provide funds for the following:

Ray Hanus, Science Dept.: LabQuest Minis

Kevin Chaffee, PE: CPR feedback mannequins

Karen Labiak, Special Ed.: Social/Emotional flexible learning space

Chris Skrzpach, Instructional Tech: Logitech webcams

Courtney Nowaczyk, PE: Guest speaker for Self Defense/Rape Aggression class

Pam Westfall, Science: Mini PCR and Biorad Pipets for lab work

Gina Bogin, Guidance: Games/CDs for use in social work group

Matt Blue, PE: Wristbands with PE slogan

Sarah Kemmerly, Special Ed.: Flexible seating, classroom mailboxes
