

Introduction

Students Love Travel organizes private educational travel programs for high school, middle school, and college student groups.

Specializing in small groups allows us to provide great flights and hotels in the heart of the city, but more importantly it allows our Program Directors to provide teachers and students with the individual attention they deserve. Our programs focus on the students, constantly challenging language, navigation, collaboration, and budgeting skills with real world activities like acquiring maps, finding hotels, navigating public transportation, evaluating restaurants, and ordering from a menu while staying within a meal allowance.

Québec Vieux-Montréal & Vieux-Québec

Montreal, second only to Paris in the ranks of French-speaking cities, is the cultural capital of Quebec. We will explore Old Montreal and take excursions to Pointe-St-Charles, Parc Mont-Royal, and Parc Olympique. Highlights include: Climbing Mont-Royal; Tours of the Basilica and Maison Sainte Gabrielle; Pointe-à-Callière Archaeological Museum; Riding up the Olympic Tower; The Botanical Gardens; and à la carte dining at some fabulous restaurants!

Quebec City is one of the few historical areas in North America to have fully preserved its Francophone culture. Its European feel, history, culture and warmth have made it a favorite destination for French students. Our trip explores the fortified Old Quebec historical district, at the heart of the city with highlights including: Place Royale; Tours of the Citadel, Ursulines Convent, and Old Common Gaol; the Funicular; and dining à la carte at some of the best restaurants in Old Quebec for breakfast and dinner.
