Lunch with Students

Lunch time is a good time for students to socialize and make friends. We kindly ask that parent visits for lunch are limited to special occasions to allow for the development of student friendships. If/when a parent visits for lunch, food cannot be shared with other children. Parent and child will sit together at the class lunch table. We want to keep this as an option for parents to visit for lunch but need some help to make it work. Thanks for your help with this!

Oops Table

Please read [this note](#) about our “Oops Table”. This table is meant for the occasional forgotten item and not for daily drop offs. Thanks!

Bikes, Scooters, & Skateboards

Please remind your child to WALK their bike, scooter, or skateboard once they are on school grounds. This helps with safety. We will continue to address students with bikes, scooters, and skateboards. In the back of the school, once they cross the bridge, students should WALK bikes, scooters, and skateboards.

LMC News

The LMC is happy to train parents and grandparents to assist in the LMC. Volunteers enable us to provide a full range of services to our students. Our library media center is always in need of your support. Even if you can spare just two hours per week, or every two weeks, you can help us provide a stronger library program for your children. Volunteering in the library media center (LMC) will also allow you to learn more about your child's school experience and give you an opportunity to observe classes in action. Please click below to sign up.
