

## Directions for e-Learning Days- Steck Elementary School

Hello students and families! Welcome to our e-Learning day(s). Attached is a grid of options from which all students may choose activities during our e-learning day(s). Each student must choose 3 activities per day to accomplish during their 9:05- 3:35 "school day." Please note that not all options apply to all grade levels or students. All digital resources are available through the single sign-on portal or the LMC student resource page. When the activity is completed, the student should write/sign their name on the grid and bring it to school on the next school day.

The goal of our e-learning day(s) is to provide meaningful independent activities for students to continue their learning.

We are sharing this grid with parents in advance through backpacks and when possible it will also be shared electronically on the morning of the e-learning day(s). Please keep it in a safe place so you can pull it out if/when we have e-learning days. We will talk about e-learning days with students during the month of November. The goal is for students to know what to do when an e-learning day is announced.

Name: \_\_\_\_\_

Sign Into Google Classroom and do the activity your teacher prepared X _____	Do 20 minutes of Dreambox or Reflex X _____	Write a creative story, including illustrations, and read it to someone at home. X _____
