## Spring Conferences

Parent-Teacher Conferences are scheduled for Thursday, February 27 from 1:00-8:00 p.m. Spring conferences are different from fall conferences since we are farther into the school year and communication and progress are well established. If a teacher thinks a conference is needed, the teacher will contact the parent. If a parent does not hear from the teacher then a conference is not needed at this time. If a parent would like to request a conference, please contact the teacher. We do not have walk in conferences. Conferences can be in person or by phone.

## School Visitors

Please continue to have identification with you when you visit our school. Even if the office staff knows you, you may be asked for identification.
