

Welcome to Builta Elementary School!

To ease the transition of our new families, we would like to coordinate a mentor for any parents who would like one. A Builta mentor would be an established Builta Family member who could answer questions about “how things are done” in the Builta community. While we certainly do our best to inform parents and encourage parents to phone the office with any questions, sometimes it is nice to be able to speak with someone about things that have to do with Builta and our community in general from a parent’s perspective.

If you would like Builta to assist you in connecting to a Builta mentor OR you would like to serve as a mentor for another family, please complete the information below and return it to your child’s teacher.

I would like to request a mentor.

Please share the following information with a potential mentor for me:

Your name

Email Address

Phone

Please indicate the language you would like your mentor to be able to speak: _____

Name of your children and Grade(s): _____

Please provide any other information you would like to share on the back of this paper.

I would like to serve as a mentor.

Your name
