FAQ?

1. Can fusion dance be performed by kids?

No, there was some confusion regarding the parents fusion performance flyer that was sent home. Sorry for the confusion. The fusion performance is meant for parents and not for kids.

2. My child is interested in performing a different grade dance? Can I do that? How can I register?

Yes, if the child is picking a dance just a grade above or below. For example, if a boy in 3rd grade does not want to perform Ballet, he can perform 2nd grade Bollywood or 4th grade Chinese based on his interest. We would not encourage him joining other grades because of the skill differences that comes with age difference. For registering in such cross groups, please email us at cowlishawculturefairteam@gmail.com.

3. Where are the practices going to take place? Any rules and regulations i need to know?

The practices will happen at the Cowlishaw Multi-Purpose room. Here are few rules to follow to make the best use of the available time. Remember we have total 4 hours only to learn the dance sequence.

- a) Please arrive on time. The school space is available only for the specified time.
- b) Kids coming late, please catch up the session without disturbing the entire class.
- c) Parents are requested to maintain silence while the session is in progress.
- d) Siblings if coming are requested to be quiet. The gym and hallway cannot be used as per the school office guidelines.

CRAFT

For celebrating the World Music, we have planned some musical decorations. To help with that, we have sent out some craft work for the kids. Request to finish them and send it back to school. If you have more ideas for decoration please contact us at cowlishawculturefairteam@gmail.com. We would love to hear your ideas.
