

Robotics for the Win!

A HUGE congrats to the Kendall Robotics Club for their participation in the district's annual Elementary School Robotics Competition on Saturday, February 24th at Still Middle School. Our 5 teams participated to make 63 total teams that participated in the competition this year. The **Phantom Robot** team (Kush, Maddux, Sara, Sashwat, & Anusha) won the **Excellence Award** for their overall scores throughout the categories on that day! GREAT JOB, PATRIOTS!
