

ARTSpeaks Presents

Nina Kraus

Northwestern University, Professor of Neurobiology & Physiology, Otolaryngology

Hugh Knowles Chair

April 6th, 2017

Art, Music, and the Brain: How the arts influence us from youth to maturity

Crouse Education Center - 2nd Floor, Board Office

7pm

780 Shoreline Drive, Aurora, IL 60504

Nina is presenting her auditory research which includes the positive impact of musical training on brain function.

Plus: Alive Inside Outreach, how music helped connect students with elders presented by members of Neuqua Valley High School's Tri-M music honor society.
