Spinosaurus: Lost Giant of the Cretaceous

Artwork by Davide Bonadonna

Meet *Spinosaurus*, the largest predatory dinosaur yet discovered—larger than *T. rex*—and hear the incredible story of how this prehistoric giant was almost lost to science, before being brought back to light with the help of a remarkable young paleontologist, Dr. Nizar Ibrahim, a National Geographic Explorer.

With **amazing video** recreating the lost world of the Cretaceous Era Sahara, Ibrahim will tell the story of *Spinosaurus*' discovery, loss, and rediscovery, and explain what makes this ancient monster unique.

Dr. Nizar Ibrahim

November 17, 2017

6:30-7:30pm (doors open at 6:00pm)

Waubonsie Valley High School Auditorium

2590 Ogden Ave, Aurora (Door 35)

FREE Event (suitable for all ages)
