

Afterschool Enrichment Solutions presents
an Afterschool Chess Club
and "Let's Build It!" Engineering
with Professional Instruction at May Watts
Elementary

Spring session: 8 classes on Fridays, 3:35-4:35pm.
March 23rd to May 25th, no class 3/30, 4/27.

CHESS

Develop your child's intellect through the royal game of chess! Current research has shown a strong link between chess and academic performance in a variety of areas, including mathematics and language arts. Also, chess has been proven to enhance children's motivation, concentration, focus, social skills, and creativity. Open to grades K-5.

LET'S BUILD IT

Let's Build It- Chain Reactions – Ready, Set, Roll! See the laws of motion at work in this thrilling, hands-on course. Both new and returning participants are welcome. Students will construct machines, like the Heavyweight Hammer and the Spin-o- Matic, and then combine them to create exciting chain reactions! Each week, the chain reactions will become more complex with the introduction of new machines. The projects will afford students the opportunity to delve into concepts such as force, gravity, velocity, types of energy, and balance. At the end of the session, students will be challenged to create the Ultimate Chain Reaction by working cooperatively to see how many machines they can incorporate. No previous experience is necessary, just a desire to learn and build. Each participant will receive an award on the last day of the session, and have the opportunity to earn Energy Belts by demonstrating their learned skills! Open to grades 1-5.

To sign up for the **Chess Club**, or please visit <http://www.chessscholars.com/signup> . You will need to enter the class code **MWN3.23.18C** in order to register. Please register by March 9th for the early bird price of \$125.00.
