## Wonders of Science Program

Does your child have the nerve to **EXPLORE** the world around us? In this Mad Science series, your child will embark on a new adventure each week! They will explore underwater and learn about our fascinating oceans. Children will also take a trip through the Mad Science kitchen and mix-up some exciting potions. We won't stop there because your child will also be amazed by volcanoes and learn about the big world of tiny particles. All Mad Science classes are filled with hands-on learning, awe-inspiring experiments, and cool take-home projects so your child can be a junior Mad Scientist at home!

**Class Day: TUESDAYS, 3:35PM - 4:35 PM**
