All new lessons every class - here are some samples of what's coming up in the weeks ahead!

Young Rembrandts Lesson Summary

IT'S A YETI

"The Abominable Snowman". A yeti is a mythical creature from the Himalayan mountains. An excellent drawing to practice figure drawing and creating different line patterns.

MONA LISA

A most significant portrait in art history the *Mona Lisa* by Leonardo da Vinci. We learn the impact on art and popular culture. *Mona Lisa* allows us to understand facial structure and proportion.

BIRD'S EYE VIEW

Imagine a hilly countryside from a soaring bird's point of view. We observe objects appear smaller from a high aerial perspective. Our composition features overlapping layers fluffy clouds, a winding river, and enormous hills.

HOCKEY PLAYER

A detailed hockey player. This lesson is an excellent figure drawing teaching character pose and proportion. Colorful hockey pads and a bold goalie's mask, produce an exciting, sports-themed illustration.

FISH UNDER ICE

Today we see the fish swimming below the frozen surface of a lake. A fisherman's rugged pair of boots are placed atop the thick sheet of ice. A worm on hook entice our trio of fish.

GREAT WALL OF CHINA

The Great Wall is an ancient structure that was created to keep out invaders in northern China. Our drawing highlights important concepts like perspective, foreshortening, and texture.

Your child will learn these skills and techniques during Young Rembrandts' classes. Each week your child draws new images, learns new vocabulary and has fun discovering art and the Power of Drawing!
