Young Rembrandts Lesson Summary

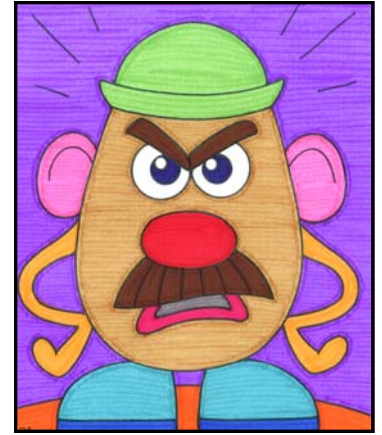

DOG WASH SEQUENCE

We learn how to illustrate a story through sequential images. Our sequence features humorous scenes of a dog owner trying to wash his canine friend. An excellent lesson that strengthens our compositional skills.

HUMMINGBIRD

Draw a colorful hummingbird, a small bird that can hover in the air by rapidly flapping its wings. We carefully plan this nature-inspired scene. Colored pencils produce a vibrant sense of depth and volume through shading.

TOY EXPRESSIONS

Draw these toy expressions. Popular toys transform into fully-realized cartoon characters. We carefully detail our characters' faces so they convey moods and personalities. A delightful character building exercise.

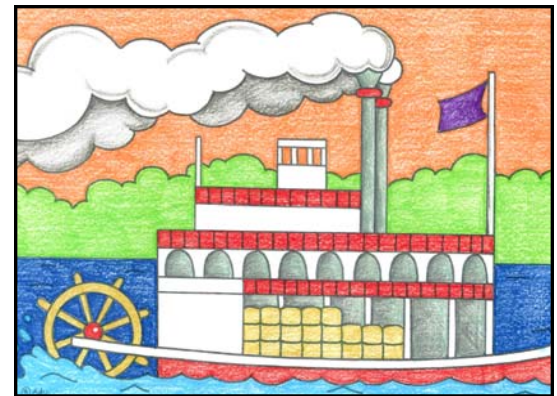

ANIME BODIES

Energetic characters applying an anime art style. Anime is a form of Japanese animation. Characters have exaggerated features and dynamic poses. Brightly colored clothing and props bring our cartoons to life.

KANGAROO

A mother kangaroo with its baby in its pouch. We learn that a baby kangaroo is a "joey." We use a cartoon style in our drawing. This allows us to exaggerate the kangaroos' features and create a very dynamic pose.

STEAMBOAT

Draw an old-fashioned steamboat as it travels down the river. An excellent lesson introducing proportion, scale, and movement. Small details like arches, patterns, cargo, and a trail of steam bring our scene to life.

Your child will learn these skills and techniques during Young Rembrandts' classes. Each week your child draws new images, learns new vocabulary and has fun discovering art and the Power of Drawing!
