

Afterschool Enrichment Solutions presents
an Afterschool Chess Club
and “Let’s Build It!” Engineering
with Professional Instruction at Young Elementary
CHESS

Fall session: 8 classes on Fridays, 3:35-4:35pm.
October 19th to December 14th, No Class 11/23.

Develop your child’s intellect through the royal game of chess! Current research has shown a strong link between chess and academic performance in a variety of areas, including mathematics and language arts. Also, chess has been proven to enhance children’s motivation, concentration, focus, social skills, and creativity. Open to grades K-5.

LET’S BUILD IT

Fall session: 8 classes on Mondays, 3:35-4:35pm.
October 15th to December 10th, no class 11/5.

Let’s Build It – Mighty Machines! Enter into the fascinating world of robotics. In this exciting STEAM program, students will design, build and test their very own robots under the guidance of an experienced AES instructor. Projects include remote control cars, claws, cranes, crawlers, and battle bots. Educational components include gear ratios, mechanical design, electronics, and robotics engineering. No previous experience is necessary, just a desire to have fun, build, and learn. Each student will receive an award on the last day of the session, and have the opportunity to earn Energy Belts to demonstrate their learned skills! Open to grades 1-5.

To sign up for the **Chess Club**, please visit <http://www.chessscholars.com/signup> . You will need to enter the class code **YON10.19.18** in order to register. Please register by October 16th for the early bird price of \$125.00.

To sign up for **Let’s Build It**, please visit <http://www.learningmeansfun.com/signup>. You will need to enter the class code **YON10.15.18** in order to register. Please register by October 16th for the early bird price of \$139.99.

If you have difficulty registering, please contact Afterschool Enrichment Solutions at 847-482-9999 or info@LearningMeansFun.com.
