

# What will a day at Waubonsie Valley look like upon returning to in person learning?

We will be using a **Hybrid/Remote** option when we return to in person learning. Students who selected the *hybrid* option will experience both in-person classes and remote learning. Students who selected the *remote* option, will continue to attend all classes remotely. If you have questions about which option you selected, please access this information in your [ParentVue](#) account under the *Student Info* tab.

Mon.	<b>CONNECTIONS:</b> Remote Check-In for all students. <i>Teachers connect with students periods 1-8 remotely.</i>	
	<b>Hybrid Day of Learning</b> <i>WV will operate at 50% capacity to reduce contact and proximity. The day your student attends in person learning will be determined alphabetically.</i>

***This is what the in-person school day will look like:***

## Return to School: Health Self-Certification

Before students (and staff) leave for school, all families should self-check/self-certify for symptoms. This video outlines - [How to self-certify](#). Any student (staff) with symptoms should NOT attend school under any circumstances. Like any absence, parents should communicate the absence to their alpha house and teachers when an absence occurs.

## Bus Transportation

*Students MUST wear a mask beginning when they board their bus.* Busing will be provided as usual. Students will be dropped off on the south-side of the building and enter Door #7.

## Student Drop Off

*Students MUST wear a mask beginning when they exit their car and enter the building.* Students without a mask will have one issued. The Arrow Drive student drop off can be accessed from Eola Road and includes one-way traffic lanes. Parents should pull up allowing for optimal student access at Door #1.

## Driving to School and Parking

Students that drive to school will park in the student lot accessed from Stadium Drive, north of our school. When students exit the vehicle, they are expected to wear a mask and maintain social distance. Students can use Door #33 to enter the building.

**Walkers or Bikers** use Door #1 or #7 to enter the building.

**Once inside the building**, staff will be visible focusing on these **four** important safety behaviors:

- Masks must be on at all times from when you enter campus or exit a car or bus;
- Maintain a 6-ft. distance whenever possible, including in classrooms, hallways and other common spaces;
- Stay to the right in two-way hallways and cross only when necessary; and,
- Be aware of one-way hallways and stairways.

Students will need to be especially aware of social distancing before school. We will have staff assigned to areas encouraging and enforcing this practice.

### **Navigating the Building**

We will ask that students use specific stairways as they exit classes which will be determined by their classroom location. We will also ask that students stay to the right when passing through hallways.

### **Bell Schedule**

Students will attend a 4-period bell schedule with no Tribe Time period. ([Bell Schedule](#))

### **Lunch Periods:**

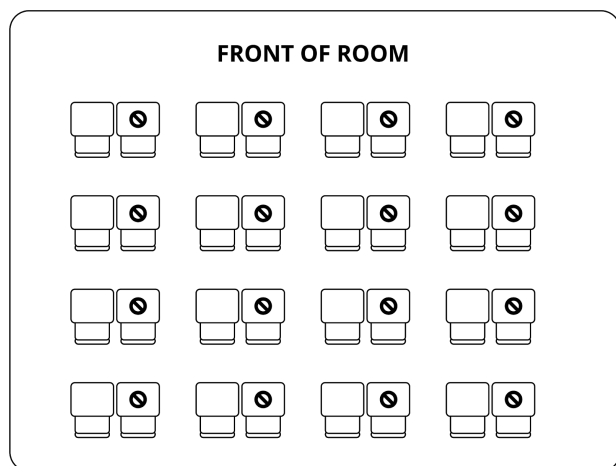

Students do not need to be in attendance for the lunch periods 4th and 5th (as well as 7th period if they are a senior and have early release). Students have the option to stay during their lunch period. Accessible areas during the lunch period are the Atrium, Cafeteria and Option. *No food service will be provided during this time.* 6th & 7th period lunch, because it is in the middle of the learning day, will not be open campus; students will remain on campus for 6th period lunch. Seniors with early dismissal and 7th period lunch will be allowed to leave campus early.

### **Lockers**

Lockers will **not** be assigned or used at this time. Students will be able to use desks stationed next to theirs in the classroom as an area to store belongings during class time.

### **Classrooms**

All classrooms will have desks that are socially-distanced as only half of each class will attend each day.

Desks will be spaced by 6 ft. in front, in back and on each side and facing the same direction.

The desk placed next to the student desk, clearly marked not to be used, can be a place for a backpack and/or coat to be placed.

Each classroom will have hand gel sanitizer, surface sanitizer and a microfiber cleaning towel.

**Larger Class Spaces**

In areas such as Music and Physical Education, students will be spaced accordingly. In Choir, for example, students will be in the Auditorium singing in the seated area spaced 12-16 ft. apart.

**Hands-on Classrooms**

Protocols are in place for objects used by students to be cleaned after each use. In some cases, each student will have an individual supply that is for their use only. Cleaning solutions in each classroom or lab will be used at the beginning and end of each period.

**Offices and Houses**

One student will be allowed in the reception area in Houses at a time and stand 6 ft. from the staff desk. Students will cue 6 ft. apart outside waiting to enter. In all other offices, there is a 1-student limit in the common or reception area in each office space.

**Restrooms**

Restroom access will be limited but available with appropriate social distancing measures in effect.

**Drinking Fountains and Restrooms**

Drinking fountains will not be available for students but water bottle filling stations will be accessible.
