Parents can begin scheduling conferences on November 10th at 10:00 am through [ParentVUE](#). Conference scheduling will remain open through November 16th at 6:00 pm.

Unfortunately, there are limited time slots available for middle school conferences which are not enough for every family to schedule a conference. With that being said, please feel free to reach out to your child's teacher via email or phone if you would like to do a quick check-in. However, if you still wish to schedule a conference, you will have the opportunity to choose from the available slots.

Granger Middle School will conduct conferences within your child's academic team. For scheduling purposes, you will select your child's science teacher when scheduling conferences. However, the actual conference will include the team of teachers. As the schedule permits, encore teachers will join the team conferences.

[Watch this short video](#) to see a step-by-step guide for scheduling your conference. As a reminder, you only need to sign up via your student's science teacher.

As always, we encourage open communication between teachers, students, and parents. Student grades can be accessed using ParentVue and daily assignments can be viewed using

teacher and team sites. These resources are available 24 hours a day. We encourage parents to monitor your child's progress throughout the school year and contact teachers if you have any questions.

Any questions regarding ParentVue can be directed to Granger's Guidance Secretary, Tracey Clark, at 630-375-1010 x3418.
