

Hello 5th Grade Parents,

Currently your child is involved in Prelude, a program that takes place during music time. Students are being introduced to the fourteen band and orchestra instruments that are taught in middle school and are getting hands-on experience with them. They are having a great time and learning a bunch.

At the end of Prelude students wishing to play in Middle School Band or Orchestra will be selecting an instrument for class placement.

On Monday, December 20th at 7:30pm an informational meeting will be held at Granger Middle School in the cafeteria. Due to COVID restrictions, we ask that this is a parent only meeting with only one parent or guardian per household attending the meeting. During this 30-minute meeting, parents will be provided with an overview of the Prelude program as well as the Music program at Granger Middle School. You will also get to meet the Granger Middle School music staff and ask them questions about the music program.

It is a great opportunity to learn about the music program at Granger and will help you to start thinking about classes for middle school. Middle school registration is right around the corner.

Please join us on Monday, December 20th at 7:30pm in the Granger cafeteria to learn more about music at Granger and the middle school schedule in general. For more information on prelude please also visit <http://preludegranger.weebly.com/>

Musically yours,

David Pakkebier(Band)
